

# THE COLUMBIA EVENING MISSOURIAN

THIRTEENTH YEAR

COLUMBIA, MISSOURI, WEDNESDAY, SEPTEMBER 22, 1920

NUMBER 18

## STILL RUINED AND WHISKY THROWN AWAY

A. M. Burke, Federal Officer,  
Demolishes Liquor-Making  
Machine and Pours  
Gallons Away.

### WARRANT FOR BALSAMO

U. S. Marshal Expected to Ar-  
rive Tonight—Fruit Store  
Closes at 6 To-  
night.

A. M. Burke, federal officer from Jef-  
ferson City, arrived here Saturday  
and destroyed John Balsamo's short cut to a  
fortune. He threw into the sewer forty-  
five gallons of whisky, five gallons of  
wine, and one barrel of brandy found in  
Balsamo's store, the Columbia Fruit Com-  
pany. He also had men pour out twenty-  
five barrels of mash found there.

The still owned by Balsamo will not  
even be allowed the distinction of becom-  
ing a relic to the days gone by. Mr.  
Burke took an axe and hammered it into  
pieces. The wood portions of the still  
would now make good kindling, and the  
copper receptacle resembles more the  
dentist and battered shield of some an-  
cient warrior than it does a whisky-making  
machine. The remains are now under  
lock and key in the police station.

Balsamo was allowed to stay in his  
store today and try and sell out his stock.  
He was guarded by the police, and he  
will have to close his store permanently at  
6 o'clock tonight.

Mr. Burke returned to Jefferson City  
last night, and a United States marshal  
is expected to arrive tonight or early to-  
morrow with a federal warrant for Bal-  
samo. Until then he will be held by lo-  
cal authorities, but the marshal will take  
him to Jefferson City.

### RED CROSS NURSES AT SCHOOLS

of Pupils to Be Published.

VISITAT—sharsh knashed fwaetel in  
Miss Dorothy Broeffle, Red Cross pub-  
lic health nurse and Miss Mary Coleman,  
supervising nurse, visited the Lake View  
and Deer Park schools yesterday.

Deer Park school is considered the model  
school of Boone County. The grounds  
and the building are in good condition  
and all of the pupils are enrolled in the  
Health Crusade.

"The children have asked why coffee is  
harmful," said Miss Broeffle, "and we  
have decided to have them write an essay  
on 'Why Boys and Girls Should Not  
Drink Coffee.' We are going to give a  
prize for the best essay."

A picture of the Deer Park school and  
its pupils will soon be published in im-  
portant items, the monthly publication of  
the American Red Cross.

### POLES CROSS RUSSIAN LINE

ference Is Suddenly Ended.

By United Press.  
WARSAW, Sept. 22.—The Poles are  
reported to have crossed the Russian  
frontier in Galicia, according to an of-  
ficial communique issued here today. In  
the neighborhood of Kovno they are said  
to have gone into Russian territory for a  
distance of several miles.

### EPIDEMIC OF CHOLERA IN CHINA

to Buy All.

By United Press.  
NEW YORK, Sept. 22.—An epidemic  
of cholera is reported to be raging in  
western China, to the extent that persons  
are dropping in the streets, and the dead  
cannot be buried fast enough. Cholera  
manufacturers are reported to be unable  
to supply the demand.

## THE WEATHER

For Columbia and vicinity: Showers  
and probably thunderstorms tonight and  
Thursday; not much change in tempera-  
ture.

For Missouri: Showers and possibly  
thunderstorms tonight and Thursday; not  
much change in temperature.

The most interesting feature of the  
weather this morning is the South Sea's  
hurricane. It is in the West Gulf but  
its center still is some distance from  
land. Based upon the few reports re-  
ceived from that section the center is  
on the recurve and headed for the Louisi-  
ana coast.

The weather is more or less cloudy  
and unsettled in the Plains and Central  
Valleys but it is mild. Heavy rain has  
fallen on the Gulf coast between Gal-  
veston and New Orleans, but there has  
been none of importance in interior sec-  
tions.

Missouri roads are in fair to good  
shape.

Showers are indicated for the next  
day or two.

Local Data: The highest temperature  
in Columbia yesterday was 86 degrees,  
and the lowest last night was 64 de-  
grees. Precipitation, 0.00. A year ago  
yesterday the highest temperature was  
76 degrees and the lowest was 57 de-  
grees. Precipitation, 1.24. Noon yester-  
day: dry bulb, 84 degrees; wet bulb,  
70 degrees; relative humidity, 51 per  
cent; 7 a. m. today: dry bulb, 66 de-  
grees; wet bulb, 63 degrees; relative hu-  
midity, 86 per cent. Sun rose today  
5:57 a. m. Sun sets 6:05 p. m. Moon  
sets 12:35 a. m.

## CORN MAY DROP TO 75 CENTS

Price Below \$1 in Kansas City  
for First Time Since  
1917.

"Seventy-five cent corn is in sight,"  
Gentry Clark of the Broadway Milling  
Company said today when he was asked  
about yesterday's drop in December corn  
prices on the Kansas City market. De-  
cember deliveries there brought 99 7/8  
cents. For the first time since 1917 the  
price was below \$1.

"Only a severe freeze within the next  
ten days can ruin this year's bumper  
crop," Mr. Clark said. "A frost would  
not do much damage. Unless all prices  
are pushed up, I see no reason why the  
new corn crop will not sell for 25 cents  
less than corn is now selling, and this  
would bring the price very near 75 cents  
on the market."

The price of corn regulates the price  
of all feeding products and, indirectly,  
the price of wheat and other grains.  
Since May, corn has gone down from  
\$2.16 to \$1.22 on the market. Wheat in  
the same time has fallen from \$3.14 to  
\$2.57 a bushel.

Grain men agree that because of the  
large corn crop, the price will be lower  
this fall than it has been in several years.  
That corn products may be used as wheat  
substitutes, as was done during the war,  
is a possibility for household economy  
this fall.

## RADICAL MINE FORCES LOSE

Victorious—Howat  
Defeated.

## DEMOCRATS OF COUNTY FORM ORGANIZATION

Officers Are Elected and Com-  
mittee on Resolutions Is  
Appointed to Report at  
Meeting Tuesday.

### STUDENT CLUBS UNITE

Democratic Men and Women of  
University Will Meet Im-  
mediately After Mass  
Meeting Thursday.

The Boone County Democratic Club  
was organized last night at a meeting of  
the citizens of Columbia who are inter-  
ested in the success of the Democratic  
party at the coming election. The meet-  
ing was called to order by V. P. Moore  
who acted as temporary chairman. The  
following officers were elected: President,  
Dr. J. B. Cole; vice-president, Mrs. H. M.  
Hungate; secretary, Curt Hayes.

A committee on resolutions was ap-  
pointed and directed to report at the next  
meeting. The next meeting will be held  
in the Courthouse next Tuesday. At that  
time an active and vigorous campaign  
will be outlined to get out the full vote  
of Boone County.

### Consolidation of the men's and women's

Democratic Clubs of the University  
into an organization under the same offi-  
cers was effected at a meeting of the lead-  
ers of the two clubs held at the Phi Del-  
ta Phi fraternity house last night. The  
possibility of attaining a higher degree  
of coordination in their work, and a gen-  
eral feeling among the members that  
there should in this instance be no dis-  
tinction between the sexes, were the out-  
standing reasons for the consolidation.

The women's club itself was hardly a  
reality as yet, although Mrs. C. W.  
Greene of the County Committee already  
had undertaken its organization. With  
the University women who had been most  
active in this first endeavor, she attended  
the meeting last night favoring a consoli-  
dation of the two clubs. Sentiment ap-  
proving the single club was unanimous.

Regarding the first Democratic mass  
meeting, to be held at the Hall Theater  
Thursday evening at 7:30 o'clock, Clara  
Magee, president of the club, called at-  
tention to the fact that Governor Gar-  
ner, who will be the principal speaker  
there, will discuss matters of particular in-  
terest to students.

GOVERNOR'S INTEREST IN UNIVERSITY  
Governor Gardner always has mani-  
fested the deepest interest in the Uni-  
versity and all the other schools of the state.

Mr. Magee said: "He has no doubt felt  
more closely connected with this than  
any other institution because his two  
sons were students here. At any rate,  
the Governor has given University prob-  
lems a great deal of consideration and his ad-  
dress promises to be one of unusual in-  
terest to every student."

Congressman W. L. Nelson of this dis-  
trict and Mrs. Louella St. Clair Moss will  
speak at this meeting.

University students, Christian and Ste-  
phens College students and residents of  
Columbia are invited to attend both the  
night meetings at the Hall Theater and  
the afternoon meeting at 3:30 o'clock at  
the Courthouse. Governor Gardner will  
speak at both meetings.

Organization of the existing Democra-  
tic Club, for both men and women, was  
completed at last night's meeting by the  
election of Miss Lella L. Dickinson as  
first vice-president, Lee Young as second  
vice-president and Miss Louise Lacy as  
treasurer. Clara Magee, president, and  
Harold E. Fouts, secretary, both elected  
last year, continue to hold their respec-  
tive offices.

COMMITTEES ARE NAMED  
An absentee ballot committee, to as-  
sist students in securing ballots from  
their home counties and voting them ac-  
cording to law, was elected. It consists  
of Miss Lella Dickinson, Dupuy Warrick,  
Miss L. Armstrong, Miss Louella Franklin  
and John H. Arnett.

The publicity committee elected last  
night consists of Owen Atkinson and  
John R. Morris.

The membership committee is to be  
created by appointing within the next  
day or two. Printed cards already have  
been provided for enrollment of new  
members for the club, and the campaign  
for a large membership will begin as  
soon as the personnel of the committee is  
completed.

The next meeting of the club will be  
held at the Hall Theater immediately fol-  
lowing the mass meeting Thursday even-  
ing. All students interested in the orga-  
nization are invited to attend this short  
session, when plans for the campaign will  
be discussed.

### TWENTY NEW MEMBERS PARADE

Band Men Held Concert on Campus  
as Part of Initiation.

Music never sounded so unharmonious  
as did that which issued from the in-  
struments belonging to the new men of  
the University Band, at their concert and  
parade at 12:45 o'clock yesterday. More  
than twenty new members of the band  
paraded around the University campus  
playing various marches.

The parade ended in front of Academic  
Hall and the concert closed with the  
playing of "Old Missouri."

The concert and parade were part of  
the initiation of the new band members  
into the band, which took place last night.

## "NEXT" MAY MEAN A "BOB" FOR A YOUNG MISS, SAYS BARBER

Columbia barbers show no surprise  
when their call for "next" is answered by  
a pretty girl, according to V. C. Brown,  
proprietor of a local shop.

Since it became stylish for girls to wear  
bobbed hair there has been a steady busi-  
ness from the girls. When asked if they  
ever had any work done other than bob-  
bing their hair, he replied: "Only the  
other day a young lady took a round with  
the exception of a shave."

"In a few years it will be as popular  
for the women to have work done in a  
barber shop as in a beauty parlor."

AWAITS ACTION OF SOCIALISTS

Right to Sit in Legislature.

By United Press.  
ALBANY, N. Y., Sept. 22.—The next  
step in the fight of the five Socialist as-  
semblymen from New York City for the  
right to sit in the sessions of the state  
legislature is awaited with interest.

Three of them were barred last night on  
grounds of disloyalty.

## ALL READY FOR FLOWER SHOW

Prizes Offered by Lindsey Jew-  
elry Company and R.  
B. Price.

Palms, ferns, potted plants and other  
greens were arranged in attractive  
groupings at the Knights of Col-  
umbian Students' Home this afternoon  
preparatory to the Flower Show tomorrow.

decorations, assisted by J. W. Bernard of  
the Columbia Floral Company and mem-

the palms and ferns, besides a large num-  
ber of cut flowers. Most of the potted  
plants were sent in this afternoon. The  
remainder of these and the cut flowers  
will be delivered between 8:30 to 9:30 to-  
morrow morning. It is necessary that  
they be in at that time so the judges may  
finish their work and give the decisions  
quickly. The proceeds of the show will  
be used to buy flowers and plants for  
beautifying Columbia.

The Lindsey Jewelry Company has of-  
fered a handsome silver vase for the most  
artistic basket of mixed flowers and R.  
B. Price will give a silver trophy for the  
most beautiful collection of flowers.

The Flower Show begins at 10:30  
o'clock and will continue all day and in-  
to the evening.

## NEED MILLION FOR CAMPAIGN

Democrat Says \$2,000,000  
Would Be Excessive—  
\$128,821 Raised.

By United Press.  
WASHINGTON, Sept. 22.—The Demo-  
crats will be satisfied with a fund of \$1,  
000,000 for their campaign expenses,  
James W. Gerard, treasurer of the Demo-  
cratic national committee, testified be-  
fore the Senate investigating committee  
here today.

He said \$2,000,000 would be excessive  
for their expenses. He reported that  
money would be returned to the contribu-  
tors if the funds began to get up around  
the \$3,000,000 mark. Up to the present  
date he reports that only \$128,821 has  
been raised.

By United Press.  
WASHINGTON, Sept. 22.—"Bunk,"  
"barroom politics," and "bull" was the  
answer made today to Governor Cox's  
charges that the Republicans had set  
out for a huge corruption fund for the  
1920 campaign, when William Boyce  
Thompson of the Republican ways and  
means committee testified before the  
Senate campaign expenditures investiga-  
tion committee.

Boyce alleged that Governor Cox is no  
stranger to Wall street and that his busi-  
ness interests there were supporting him.

TO FINISH EXPLOSION PROBE  
N. Y. Grand Jury Gets No New Clue  
to Bury All.

By United Press.  
NEW YORK, Sept. 22.—The grand  
jury is expected to complete its investi-  
gation of the Wall street explosion here  
today. Scores of witnesses have been ex-  
amined and thus far nothing new in re-  
gard to the explosion has been intro-  
duced.

Thanks, Mr. Wheat.  
The Columbia Evening Missourian  
staff can dine on tomatoes tonight. This  
morning Charles Wheat of 711 Missouri  
avenue brought to Jay H. Neff Hall sev-  
en fine tomatoes, each weighing more  
than a pound. One is enough for a fam-  
ily meal. Larger and better tomatoes may  
have been grown in this community but  
the Missourian doubts it. Mr. Wheat  
says that he has toiled early and late  
to produce the tomatoes but—  
The heights by great men reached and  
kept.  
Were not attained by single flight,  
But they while their companions slept,  
Toiled ever upward in the night.

## BUYS GROUND FOR CHURCH

Second Christian Congregation  
to Build at Lyons and  
Fifth.

The Second Christian Church will have  
its new home at the northwest corner of  
Lyons and Fifth streets. Plans for the  
building are not made, but as soon as  
they are completed, work will begin.

Thirty thousand dollars has been ap-  
propriated for the building. An addition  
of \$3,500 was raised among members of  
the congregation; this sum is to be used  
in erecting an apartment house, the lo-  
cation of which is not yet known.

Ground for the church was bought last  
night from Frank McKee of Columbia.

## BIG INCREASE IN TROPIC TRADE

U. S. Received Over Three Billions  
Worth of Tropical Products.

The increasing reliance of the United  
States upon the tropics for food and manu-  
facturing material is evidenced by the  
fact that more than three billion dollars  
worth of tropical and sub-tropical prod-  
ucts entered continental United States  
in the fiscal year 1920 against less than  
one billion dollars worth in 1900. Of  
course, in considering this closer rela-  
tionship of the United States with its  
neighbors in the tropics, some part of  
this tremendous increase in value is due  
to the "high cost" of, but nevertheless it  
is a fact that the quantity of tropical  
products consumed in the United States  
has tremendously increased and seems  
likely to go on increasing, irrespective of  
high and still advancing prices.

In manufacturing material, the increas-  
ing demands upon the tropics are quite  
as striking as those of foodstuffs.

Happily, our tropical friends have ap-  
parently recognized the increase in our  
calls upon them for their natural prod-  
ucts and are reciprocating by a large  
increase in their taking of our products.

Manufacturers of all sorts and certain  
foodstuffs, especially meats, condensed  
milk, and flour, are the principal im-  
portations into the tropics, and its prod-  
ucts are steadily and rapidly increasing  
their use of these articles as produced in  
the United States. The value of our ex-  
ports to the tropical world in the fiscal  
year 1920 aggregated, in round terms,  
nearly two billion dollars against less  
than a billion in 1910.

comed the visitors on behalf of the Com-

has fully recovered from the illness re-  
sulting from drinking some poisonous  
substance last Sunday. After drinking  
the alcohol, Mr. Litteral was driving his

came unconscious. Roy O. Langham, who  
was almost run over by the car, notified

### PROGRESS ON DORMITORY

New Stephens College Building  
Ready by Thanksgiving.

Thanksgiving day will find the new  
dormitory at Stephens College ready for  
occupancy, according to a statement  
made by Roy T. Davis this morning. Un-  
til that time the students are being pro-  
vided for at the following homes: Miss  
M. W. Sampson, 1211 Broadway; J. P.  
Heizer, 1311 East Broadway; H. L.  
Wilson, 4 College avenue; F. R. Antoine,  
6 College avenue; Roy T. Davis, 1403  
Broadway.

Registration is in progress at the col-  
lege today. The college postoffice seems  
to be the most popular spot on the cam-  
pus, all of the girls eagerly looking for  
letters from home, in spite of the fact  
that most of the students arrived just  
yesterday.

a fourth is nearly ready. Mr. Hall main-
